{Sub:- suggestion for no ban international crypto currencies it may hamper country economy and request if want to ban restrict those people directly involving on trading of bitcoin, ethereum etc. regd.}

Respected Sir/Madam,

We do not know whether our suggestion yours accept or not but our request on crypto currencies ban which should not ban & if it may hamper country economy at future and in the same time we request that if want to ban or restrict such ,please control those people directly involving on trading of bitcoin , ethereum etc. as you can check the black money holders but with labour whose collection earning it may take few years for collection which should not ban.

One side our Govt. follow up western method and another side neglect some important things ,so now we are in between two boats with a feat.

Secondly, if in India its own starts crypto currencies it ultimately goes to create another Industrialist and it is not guaranteed Indian currencies make a place of international level and on another the industrialists take advantages to start it might borrow money from bank and may not return thereafter like preceding cases.

Thirdly, if Govt. start its own it may not take place like the international currencies as a result on both second & third points general public may pull like demonetarization and another matter and at end of the points it may create a revolution.

Since 2003 when ever we suggest to Govt. we keep the real data of general public and here if yours feel our all suggestion all given to yours are not actual instead of public survey by media or corporate survey like traditional system our ministers along with senior officers go to real field with disguise and look the actual public opinion

We are going on duty as service to men kind service to god and our team automatically, we for last 15 years not get help from any Govt. sector but the general people rising & by team sprit we collect public opinion & keep near yours. For last 3.5 years we have seen all the rules, regulation & method of our Govt. going against public ultimately as a result the public good faith on Govt is losing today. PTO.

Page-2

So we request to seriously read our all the suggestion we send and if not found please see our weblink <http://www.navjivanfoundation.org/Suggestion.aspx> and follow up accordingly if possible.

This organization salute to Mr. Atal Bihari Bajpayee & Dr. Man Mohan Singh for theirs well thinking to nation although some useless people blame these persons. Please take suggestion from these people as India going on crucial way. We invite to read some important articles of the nation whose invite crypto currencies and neglect these and read the nation whose have own crypto currency its all merits and demerits. What we read this is just like a fire box & we think this is enough to understand.

It assure if done like this some persons of organization or volunteers may forward steps towards politics which we no not prefer but to save our nation if possible may take steps in future and we think that day we can detect the real things.

Finally organization wishing great day for all !

With regard

Sashi Kanta Panda
