{Sub:- request for president rule and avoid election on the year of 2019, make proper research- find out the real poor person and give reservation to these people without ant cast and bar , pass bill on qualified candidate for political leaders, no payment and pension for political leaders and good cooperation with opposition etc. for stand proper economy of india if love country to be developed regd.}

Respected Sir/Madam,  
Organization has send several suggestion to Govt. since 2003 as our purpose to make our nation great <http://www.navjivanfoundation.org/Suggestion.aspx> . We first collect public data by way of research and send to the concern departments which have no corruption no false declaration.

We on our independence movement take this research on the above subjects- Request for President rule and avoid election on the year of 2019, Done proper research-pass bill for single system on quota reservation only for poor people , Pass bill in Parliament the qualified candidate would illegible for political leaders, No payment and pension for political leaders and Good cooperation with opposition etc. for stand proper economy of India if love country to be developed.

1.Request for President rule and avoid election on the year of 2019- As our economy of country being not a stand position due to two factors like as demoneytarision and GST with in four years (it is separate things how our country suffered and how some industrialists leave India & how the Industrialist in India take advantages along with political persons, and as result nothing come out it is not a topic and this already discussed before by way of suggestion) and as near about INR4000 Cr. appx. already spend on 2014 election & the intellectual people with knowing, the position of political parties request to election commissioner for stop election on the year 2019 and pass president rule as a result again unnecessary tax burden on general people.

2.Done Proper Research- In Rural Indian people are simple in nature and not well educated and in other side poverty stress to do some work which they do not want to do along with have no proper knowledge on choose their leaders. They sold them by hearing assurance and receiving small amount of denomination. If proper research created by election commissioner with in six months what is the public opinion on elected Govt. and in final the total result come for electing the proper political leaders the problem like this not arise which system applied in schools. In another side the leaders would have fear to do proper work in their areas.

3.Quota For Reservation - The important thins pass bill by way of research the QUATA/RESERVATION should be for the the actual people are poor not the system like at present time like SC,ST, OBC etc. A single quota provide to the all people of nation the person having marginal/ below the poverty line without any cast & bar.

4.Pass bill in Parliament that the qualified candidate would illegible for political leaders-In our country like some special post important exam. need to achieve or a degree with a good charactor ,so for the politics it should be the qualification of Master Degree of different level and with applying papers if pass elect for politics on higher percentage marks basis with clean character. Like as a economics students should take care properly Indian Finance Minister & PHD qualification for President & Prime Minister and like this. As a result good contact with collectors with political leaders to understand properly. But now a days a fail student go to politics and control all the good students of schools and colleges by way of fearing in some cases a candidate have some illegal nature like as attached with several cases. More over we request for pass a bill fine character with good percentage of marks with Master degree can illegible for politics.

5.No payment and pension for political leaders - On recent politics is the best way of business for earn money with showing loving to nation. Here is question if political leaders love to our nation they demanding salary along with pension as on view of Indian govt. declaration on the year of 2004 no pension allowed to Govt. service holders, so this rule why not applicable for elected politician in village level or secretariat level. Either implement rule for all dedicated service to the Govt. even NGOs not separate from it. If salary allow to political leaders why not to NGOs as both work for nation.

6. Good cooperation with opposition- A real Govt. always feel how develop my country and solve problems with proper discussion with efficient persons in crucial movements of nation what(PTO).

happen in the past in our country on the time of past Prime Minister hon'ble Late Narasingha Raoji Govt. send opposition leader hon'ble Atal Bihari Bajpayeeji for Geneva on Human rights matter. In this stage Govt. should discuss with hon'ble Monham Singh. We request please forget personal matter if any one love our country.

If yours have proper devotion for country and fight for the 1.25cr. people please we all Indian request to president, both Savas, election commissioner, RBI, Ministry Of Home & Finance by way of bill pass all the above points bill , continue India with presidential rule for next five years and as result in 2021 our country would in fine position without any corruption and a develop country. More over if yours have to do real development of our country and feel this above written real good do this as quick as possible or forget !

With regard
